## *The Rishi Has Opened Her Doors* Enlightened Mastery and World Service

We are blessed to have a Living Rishi in our midst, who is a living gateway for the tangible presence of the Immortal Masters and the direct experience of the purely divine. After many years of seclusion, she has stepped forward to guide the monumental global transition that is now underway. As the first Regent of the Spiritual Hierarchy to externalize in the West, she emanates the profound radiance of divine grace for expansive elevations of consciousness and the phenomena of omni awakening. Convening a new era of world service, she fosters a modern realism that empowers contemporary initiates to step forward as the leaders, teachers and builders of a new potential, through the clarity of the pure mind and the wisdom of the enlightened heart.

## *The Royal Path Archives* Sacred Knowledge for Enlightened Living

The Rishi convenes the Royal Path of the Great Masters for those dedicated souls who are called to the excellence of enlightened mastery. Once reserved solely for priests and pharaohs, the magnitude of this illumination ignites an all-new potential for accelerated awakening and rare transmittals of sacred knowledge that are being revealed for the first time in our planet's history. Long revered as the consummation of all yogas, philosophies and spiritual paths, the Royal Path emanates directly from supreme light, propelling an unsurpassed opportunity of spiritual activation for the spiritual initiate to manifest the legacy of enlightened mastery in a single lifetime.

Renowned as one of the world's foremost repositories of enlightened teachings, the Rishi's archives house over three decades of her divine discourses and transmissions, providing the foundational sacred knowledge for the phenomenal scope of illumination that the Royal Path Master Teachings provide. A virtual treasure of sacred manuscripts, courses, books and tutorials, the archives open the doors to the Great Halls of Universal Illumination, which hold the advanced stellar teachings that will elevate humanity to become a benevolent society of awakened souls.

### Sedona's Regent-in-Residence

After thousands of years, the appointed time to manifest the presence of the Immortal Masters in the West has come and Sedona is the selected location. Although this phenomena will remain a rare privilege to behold, what it means for all initiates is far reaching. The Rishi's choice of Sedona for her sanctuary and international headquarters is a profound boon to the region and a beacon of light to the world that uplifts our collective consciousness. Her very presence lifts the veils to the realms of pure spirit, for an unprecedented outpouring of divine intelligence, planetary prophecy and a vast archive of sacred knowledge. Having pioneered the premise of spiritual mastery for over four decades, she ushers forth the sanctification of Sedona as a designated epicenter for the flowering of enlightenment and the coming time when genuine global guardianship is our greatest empowerment.

## *Dear Ones,*

Sedona has always been my spiritual home and I have returned once again to provide planetary prophecy and divine insight that will guide humanity through the widespread upheaval that will take place side-by-side with new opportunity and innovation.

I am especially mandated to work privately with souls of substance, whose inner imperative seeks a new excellence of personal mastery that also redefines altruistic service to become boundless in its providence of new possibility. The sacred knowledge of co-creation that I offer awakened leaders, teachers and influential individuals, is intertwined with the enlightened counsel that transcends the negative, activates the positive and economizes efforts to create the greatest good for the highest of purposes. In the sacred sum of things, I offer an enlightened world overview that is balanced with the clarity of practical wisdom.

I invite collaborative partners for this extraordinary mission. There many endeavors of higher purpose to consider, and one of our primary assigned mandates is to broadcast transmissions of wisdom and advisement during pivotal periods of disruption, as well as periods of rapid response, remedy and rebuilding. We must assure that the voice of intelligent, masterful benevolence is being heard on a global basis.

Our blessings are beyond measure, as the power of divine genesis sweeps the universe to at last unite us with the spiritual guides who have long watched over humanity. The divine will prevail with miracles of new creation. A grand succession of positives will be revealed. The golden specter of divine manifestation will be yours, as you discover that you are the visionaries and builders who will make manifest the ancient prophecy of a thousand golden years of peace and prosperity on Earth.

**“Never before has your opportunity been greater. The very ethers are quickening with the power of a great awakening. It is your deeply willed intention that truly answers this Clarion Call. Let your heart lead the way. Your higher purpose will follow.”**

*~The Rishi*

**“We stand before the greatest evolutionary leap humanity has ever undertaken, the expansion into the supra genius of the enlightened state, the new frontier of higher consciousness, that activates the wonders of the sublime excellence that dwells within us all.”**

## *The Raja of a Regent*

As the light that stands behind leaders, teachers and spiritual protégés, the Rishi is one of the few enlightened masters in the world today, whose mission is private work with initiates and world servers. As a “divine seer,” she provides the clarity of penetrative insight to those whose life calling is drawn to endeavors for world betterment.

She offers the rare opportunity for private sessions and audiences, providing profound spiritual activation that resolves karmic issues for transformation of body, mind and soul. A true teacher of teachers, she offers the sacred knowledge of the Great Masters that opens the doors to the mastery of conscious co-creation and extraordinary life legacies.
